Diversity and Inclusion for All Bios

BIOS access and configuration on PC systems are independent of any operating system because the BIOS is part of the motherboard hardware. It doesn't matter if a computer is running Windows 10 , Windows 8 , Windows 7 , Windows Vista, Windows XP, Linux, Unix, or no operating system at all—BIOS functions outside of the operating system ...

Legal Department Early Adopters. Diversity Lab is pleased to have more than 20 trailblazing legal departments piloting the inaugural Mansfield Rule: Legal Department Edition. The 1.0 certification process officially launched on July 1, 2019 and concluded June 30, 2020. Some of the legal departments are highlighted below.

Mansfield Rule: Legal Department Edition « Diversity Lab

A self-serving bias is any cognitive or perceptual process that is distorted by the need to maintain and enhance self-esteem, or the tendency to perceive oneself in an overly favorable manner. It is the belief that individuals tend to ascribe success to their own abilities and efforts, but ascribe failure to external factors. When individuals reject the validity of negative feedback, focus on ...
