The 5 Biggest Challenges to Learning a Language

Language - Language - Linguistic change: Every language has a history, and, as in the rest of human culture, changes are constantly taking place in the course of the learned transmission of a language from one generation to another. This is just part of the difference between human culture and animal behaviour. Languages change in all their aspects, in their pronunciation, word forms, syntax ...

Language - Linguistic change | Britannica

The Wave Model of Language Change "[T]he distribution of regional language features may be viewed as the result of language change through geographical space over time. A change is initiated at one locale at a given point in time and spreads outward from that point in progressive stages so that earlier changes reach the outlying areas later.

Definition and Examples of Language Change

In the modern world, language change is often socially problematic. Long before divergent dialects
