Dictionary of Financial, Economic, and Business Terms

· Economics is a broader study about how individuals, businesses and societies use the resources, whereas Commerce involves the study of goods sold by producers to the consumers. · Economics goes on to study the impact of businesses, government legislation, banks etc., as opposed to Commerce, which doesn't have a wide area of study.

Difference Between Economics and Commerce | Compare the ...

Various definitions of 'economics' have been proposed, including the definition of 'economics' as "what economists do".. The earlier term for 'economics' was political 'economy'. It is adapted from the French Mercantilist usage of *économie politique*, which extended economy from the ancient Greek term for household management to the national realm as public administration of the affairs of state.
