Public relations personnel protect and promote the corporate identity to create an image in people's minds. This includes managing negative media stories. The ultimate aim of a company is the exact alignment of corporate identity with corporate image, so that the public views the company exactly as the company wants to be seen.

Differences Between Corporate Image & Identity | Bizfluent

A corporate identity or corporate image is the manner in which a corporation, firm or business enterprise presents itself to the public (such as customers and investors as well as employees).The corporate identity is typically visualized by branding and with the use of trademarks, but it can also include things like product design, advertising, public relations etc. Corporate identity is a ...

This learned behaviour makes up gender identity and determines gender roles. The WHO gender policy 2002 defines the terms below. Gender analysis identifies, analyses and informs action to address inequalities that arise from the different roles of women and men, or the unequal power relations between them, and the consequences of these ...

WHO/Europe | Gender: definitions - World Health Organization

A corporate identity (CI) is not just something that a company conjures up. A corporate identity requires planning, should include the whole company, and will require both time and financial effort.At the same time, the corporate identity should express the company's self-image through the guidelines and values that run through all areas of the business.
