Disastrous Decisions: The Human and Organisational Causes of the Gulf of Mexico Blowout takes the reader into the realm of human and organisational factors that contributed to the Deepwater Horizon disaster in 2010.

Disastrous Decisions: The Human and Organisational Causes ...

Most disasters are caused by human error—meaning wrong decisions. As drillers work and make decisions in teams, their interactions are obviously crucial, and ‘Group think’ or diffused responsibility can be fatal. Quote from Chapter 12: ‘Single point accountability for decisions needs to be a social reality, not just a legal formula.

Disastrous Decisions — Process Safety Training

Thus, human societies and smaller groups may make disastrous decisions for a whole sequence of reasons: failure to anticipate a problem, failure to perceive it once it has arisen, failure to attempt to solve it after it has been perceived, and failure to succeed in attempts to solve it.

WHY DO SOME SOCIETIES MAKE DISASTROUS DECISIONS? | Edge.org

As “Disastrous Decisions” notes, “Major accidents occur as a result of decisions by people...” but importantly – “people at many organisational levels.” (pg 8)
