7 Great Theories About Language Learning by Brilliant Thinkers. Theories of language learning have been bandied about since about as far back as one would care to look. It may be surprising to know that the problems that philosophers in Ancient Greece and 16th century France were concerned about are largely still relevant today.

7 Great Theories About Language Learning by Brilliant ...

Discourse, in the broadest sense, refers to language use in social contexts. The two main aspects of discourse competence are cohesion and coherence (Celce-Murcia, Dörnyei & Thurrell, 1995). Cohesion refers to using linking expressions, such as conjunctions or adverbial phrases, to connect ideas. A coherent text is one that makes sense.
