## **Downloads : The Official Microsoft IIS Site**

IIS 7.5 Shipped with Windows 7 and added support for TLS 1.1 and 1.2. Extended support will end in 2020 this is the oldest version receiving any support officially from microsoft. IIS 8 also known as Microsoft Web Server 2012 began supporting SNI or associating SSL to hostnames instead of IP addresses and multicore scaling.

## **What is IIS? A Basic Tutorial of the Windows Web Server**

Hello fellow IIS Admins: I am using IIS 7 Manager to administrate a remote web site which is said to have hanging/crashing issues. I am using Windows 7 to look at a Windows 2008 R2 Data Center machine. When I use the Worker Process; View Requests and press F5 to refresh them to watch them in real-time, I get the following message:
