Kawasaki FD440V Manuals | ManualsLib

The Kawasaki 440A is a wonderfully smooth engine that is quieter mechanically, lighter by 7 lbs. than the ROTAX 447 and generally speaking less expensive than the ROTAX. As a benchmark, when it was all set up ready to mount on the HoneyBee Gyro with carb, exhaust, redrive, etc., it cost us \$1750, not \$495 as advertised by J'Bird.
