Journal of Applied Research in the Community College, v4 n1 p5-21 Fall 1996. Describes a meta-analysis conducted on six studies that attempted to ascertain the effect of academic and social integration on student persistence in community colleges. Indicates that both academic and social integration significantly impacts persistence, which is consistent with Tinto's model of student retention.

A Meta-Analysis of the Impact of Academic and Social ...
A meta-analysis of experimental research on mock juror judgments was conducted to assess the effects of physical attractiveness, race, socioeconomic status (SES), and gender of both defendants and victims to test the theory that jurors use characteristics that are correlated with criminal behavior as cues to infer guilt and to recommend punishment.
