The Task Force
'Rethinking Asset
Management' was set
up by the CEPS and
ECMI in late 2010 to
investigate four issues,
in view of their
relevance for the
European economy,
the single market and
investors: (a) the
future of the asset
management industry
after the financial crisis
and the adoption of the
alternative

performance and investor redemptions continue to drive transactions in traditional asset management. Many firms aim to sharpen competitiveness by increasing scale, and we expect this objective to spur M&A during the second half. Several asset managers may seek out buyers, but not all of them are attractive acquisition targets.
