discussion of the role of natural history museums in culture and society. It should be read by all, both practicing scientists and philosophers, and the broadly curious general reader."--Michael Ruse, author of The Darwinian Revolution: Science Red in Tooth and Claw

Stuffed Animals and Pickled Heads: The Culture and ...

If I have ever read a book that struck such an elegant balance between philosophical inquiry and sordid fascination with the grotesque as Stephen Asma's Stuffed Animals and Pickled Heads, I certainly don't remember it. Asma's exploration of the evolution of modern-day natural history museums, from their primitive ancestors the medieval bestiaries, through Renaissance curiosity cabinets and the ...
