1-Page PDF Summary of 21 Lessons for the 21st Century. The 21st century will bring changes and challenges unlike any humans have encountered before. Globalism and technological innovations are changing the structures of societies worldwide—and the changes are happening quickly. If people don't face these challenges and help shape the future, the world could have a class of obsolete workers whose jobs have been automated and people could lose their ability to make their own decisions.

A guide to worrying in the 21st century | Bill Gates

Chapter 21 — Meditation. Harari echoes what philosophers have been saying for millenia, that the deepest source of suffering is in the patterns of our own minds. When I want something and it doesn't happen, my mind reacts by generating suffering. Suffering is not an objective condition in the outside world.
