## Technology Ethics And Corporate Responsibility

The Technology and Responsibility: Reflections on the New Task of Ethics by Hans Jonas is a detailed psychological study in which Jonas has discussed in detail the relationship between technology and ethics by discussing various aspects and factors building up human ethics from the evolution of mankind to the technological advancements.

## Technology Ethics And Corporate Responsibility Springer

An ethics of responsibility is, in my opinion, the most suitable approach for an ethics of technology, because it integrates ethos, intention, values, and norms in a coherent way. Many assume that the ethics of responsibility has philosophical roots, but the theologians H. Richard Niebuhr and Karl Barth were writing about an ethics of responsibility long before Hans Jonas.
