Crisis management has become a defining feature of contemporary governance. In this uniquely comprehensive analysis, the authors examine how leaders deal with the strategic challenges they face,...

## **The Politics of Crisis Management: Public Leadership Under ...**

This is a good book for an introduction to crisis management and the political environment in which crisis managers operate. It reviews some of the empirical research, and gives ideas for prudent crisis leadership. However, it does neither of these in extreme detail, so this is not an exhaustive text. But, the authors do not mean it to be.

## **The Politics of Crisis Management: Public Leadership Under ...**

Crisis management has two dimensions. The technical dimension pertains to the coping capacity of governmental institutions and public policies in the face of emerging threats. But there is also a political dimension: crisis management is a deeply controversial and intensely political activity.

## **Crisis management | government | Britannica**

Meaning making requires a philosophy of crisis management, which reminds leaders of core values that must be preserved, structural weaknesses that must be repaired, and opportunities to be explored. Determined, dignified, and honest leadership

## **Book Review The Politics of Crisis Management Public ...**

1 Crisis management in political systems: five leadership challenges 1.1 Crisis management and public leadership Crises come in many shapes and forms. Conflicts, man-made accidents, and natural disasters chronically shatter the peace and order of societies. The new century has brought an upsurge of international terrorism, but

## **1 Crisis management in political systems: five leadership ...**

Crisis management has become a defining feature of contemporary governance. In times of crisis, communities and members of organizations expect their leaders to minimize the impact, while critics and bureaucratic competitors make use of social media to blame incumbent rulers and their policies. In this extreme environment, policymakers must somehow establish a sense of normality, and foster collective learning from the crisis experience.
