XP Instructions - how to articles from wikiHow

Coauthored by David Pogue, New York Times technology columnist and Missing Manuals creator, Windows XP Pro: The Missing Manual uses wit, technical insight, and scrupulous objectivity to light the way for first-time and intermediate network and standalone PC users. In fact, this jargon-free book explains XP's features so clearly revealing which work well and which don't that it should have been in the box in the first place. The book reveals which features work well and which don't, such as ...
