Women Work And Family How

Work & Family Women make up almost half of the workforce. Few families have someone who can stay at home to take care of health emergencies, pick children up from school and supervise homework, or take an elderly parent to a doctor's appointment. In half of all families with children, women are the primary or co-breadwinner¹ (IWPR 2015a).

Work & Family - Women in the States

This chapter focuses on women, work, and family, with a particular focus on differences by educational attainment. First, we review long-term trends regarding family structure, participation in the labor market, and time spent in household production, including time with children. In looking at family, we focus on mothers with children.

Women, Work, and Family | NBER

Navigating work, housework, caregiving, and homeschooling is a daily challenge for many of us during COVID-19—and many working women bear an unfairly large burden.
